CONTOUR EYES FILLER EFFECT

CATEGORY

SKIN CARE
SIRHA / RETAIL

SIZE

30 ml

ITEM CODE

IT0204

EAN

8052747543793

INDICATION

PRODUCT DESCRIPTION

The eye area is extremely delicate and sensitive because of the thin layer of epidermis that covers it and this is why the first area that demonstrates the signs of time. The Eye Contour Cream filler effect is a targeted treatment that corrects imperfections of various sizes, from wrinkles less visible to deeper, stimulates the microcirculation, thus returning a renewed look. The special formula, enriched with two hyaluronic acids with high and low molecular weight, reconstructs the intense hydration on the surface and under the dermal layer, while the Thermal Water of Ischia promotes cell renewal, improving tone and elasticity of the periocular area. The light and silky texture, with a soothing effect, absorbs quickly, plumps and redefines the eye contour.

FEATURES

Lifting and plumping effect
Stimulates cell regeneration and improves roughness
Suitable for all skin types, especially mature ones

HOW TO USE / ADVICE

Apply in the morning and/or evening on the skin around the eyes well cleansed, massaging with fingertips until completely absorbed.

ACTIVE INGREDIENTS / EFFECTS

Mini [ha] and alpha hydroxy acids: promote skin renewal, stimulate cell renewal, giving a brighter and more uniform appearance.

Double molecular weight hyaluronic acid: the double molecular weight hydrates deeper (the low molecular weight molecule being smaller has important capacity of skin accumulation).

Thermal water: the oligominerals of which it is rich have antioxidant, soothing and anti-inflammatory properties.
