INDICATION

PRODUCT DESCRIPTION

Gentle formula with hydrolyzed keratin and hyaluronic acid. Returns softness, vigor, shine to hair treated by coloring and weakened by treatments (permanent, chemical straightening, use of plate and hairdryer).

It's specific to repair and improve the structure of the hair treated and damaged. The gentle formula has a soothing and protective action on the scalp. The hair will appear stronger, softer and brighter. The acid pH is balanced to fix and keep the bright coloring longer.

FEATURES

Tutti i tipi di capelli
Paraffinum free
Paraben free

HOW TO USE / ADVICE

After rinsing the shampoo, apply to wet hair and distribute evenly over the entire length. Leave on for a few moments and rinse. Gentle and soothing on the scalp, can be used after each shampoo. For greater restructuring effectiveness we recommend the combination with Salts of Ischia Restructuring Shampoo.

ACTIVE INGREDIENTS / EFFECTS

Quaternarized hyaluronic acid: hyaluronic acid that combines the moisturizing action of hyaluronic acid with strong substantive and conditioning properties. Its high affinity towards keratin with the hair fiber amplifies the antistatic action, significantly improves the detangling and gives volume and softness to the hair.

Keratin hydrolyzed: being akin to keratin naturally present in the hair, plays a substantive, protective, volumizing and film-forming. is therefore useful in all products intended for stressed hair and damaged by aggressive treatments and is also indicated in restructuring products for eyelashes and nails.

Thermal salts: soothing and antioxidant properties.
