

PRODUCT NAME

CC CREAM

NUANCE LIGHT

CATEGORY

SKIN CARE

SIZE

30 ml

ITEM CODE

IT0496

EAN

8052747544967

INDICATION

PRODUCT DESCRIPTION

CC cream, color control cream, is a base makeup perfecting the complexion with filler action that evens the color, minimizes stains and discolorations, defends against the visible signs of aging.

Moisturizes, plumps, reduces wrinkles and expression lines, for a younger and radiant looking skin.

The corrective pigments give a uniform color improving the brightness; the high protection factor, SFP 30, protects the skin from damage caused by exposure to sunlight and helps prevent the onset of new hyperpigmentations.

FEATURES

- Natural coverage
- Second skin effect
- Water proof
- Paraffinum free
- Paraben free
- Nickel tested

HOW TO USE / ADVICE

Apply cc cream using a beauty blender. Start by dabbing the sponge soaked in bb cream on the forehead, nose, chin and cheeks and proceed by spreading the product evenly all over the face and also on the neck.

ACTIVE INGREDIENTS / EFFECTS

Hyaluronic acid: is a linear polysaccharide naturally present in the human body. It is one of the main components of the connective tissues of man and is particularly concentrated in the skin. The main feature of hyaluronic acid is its ability to bind to water molecules, storing them in the skin tissue. This property helps to maintain an optimal level of hydration, significantly promoting the elasticity and tone of the skin. Another important function of this polysaccharide concerns its ability to promote the regeneration of damaged tissues, stimulating cell proliferation and differentiation. The natural concentration of hyaluronic acid tends progressively to decrease following the physiological aging and the action of free radicals. This results in a reduction in the level of hydration of the tissues, accompanied by a loss of elasticity, tone and firmness of the skin. Thanks to the wide variety of molecular weights, hyaluronic acid is able to act at different skin levels.

Mix of antioxidants: prevent skin aging and reduce wrinkles and damage associated with photoaging.

Thermal salts: antioxidant and soothing.

Chemical sunscreens: also called "organic filters" are substances capable of absorbing UV radiation through a mechanism of action similar to that exercised by natural melanin.

Physical sunscreens: also called "inorganic filters" are substances capable of reflecting or spreading ultraviolet radiation.

INGREDIENTS

AQUA, CYCLOPENTASILOXANE, ETHYLHEXYL METHOXYCINNAMATE, DIMETHICONE, TALC, CETYL PEG/PPG-10/1 DIMETHICONE, CI77891, CETYL TRIMETHOXYISILANE, BUTYLENE GLYCOL, DIMETHICONE/VINYL DIMETHICONE CROSSPOLYMER, LAURYL PEG-9 POLYDIMETHYLSILOXYETHYL DIMETHICONE, SODIUM CHLORIDE, PEG/PPG-19/19 DIMETHICONE, PHENOXYETHANOL, SILICA, HDI/TRIMETHYLOL HEXYLACTONE CROSSPOLYMER, PARFUM, CI 77492, HYDROGEN DIMETHICONE, ALUMINUM HYDROXIDE, ETHYLHEXYLGLYCERIN, HYDROLYZED HYALURONIC ACID, CI 77499, CI 77491, GLYCERIN, HEXYL CINNAMAL, LINALOOL, SORBITOL, BENZYL SALICYLATE, CITRONELLOL, CITRIC ACID, HAMAMELIS VIRGINIANA LEAF EXTRACT, HYDROXYCITRONELLAL, SODIUM BICARBONATE, MAGNESIUM SULFATE, POTASSIUM IODIDE, LECITHIN, SODIUM ASCORBYL PHOSPHATE, XANTHAN GUM, PANTHENOL, TOCOPHERYL ACETATE, TOCOPHEROL, GLYCERYL LINOLENATE, GLYCERYL LINOLEATE, DIATOMACEOUS EARTH, SODIUM BENZOATE, POTASSIUM SORBATE, POTASSIUM BROMIDE.
PAO(12M)

WARNINGS & CONTRAINDICATIONS

Store in a cool, dry place away from sunlight.

Do not use more than 12 months after opening.

Do not use in children under 3 years of age.
